

The FDESC open floral spot merchandiser provides a strong floral display presence with its three-sided display area. The mobility of its self-contained refrigeration system allows the FDESC to be placed in strategic places throughout a store.

Features & Benefits

- Self-contained refrigeration system with R22 refrigerant allows for additional mobility. **NOTE:** 220 volt power supply required for self-contained operation.
- Three-sided vertical display area increases visibility of floral products.
- Open seamless drain pan allows display of free-standing potted products.
- Two rows of energy-efficient T8 canopy lights on three sides for increased product illumination.
- Solid steel base adds strength and durability.
- Removable back panel for easy component cleaning and maintenance.

Options

- Vases available in various sizes.
- Bag holder racks.
- Condensate pans and heaters.
- Night curtains.

Specifications are subject to engineering changes without notice.

Model	Case Length	Description	Floral Display Area in Cu. Ft.
FDESC	103"	Self-Contained, Three-Sided Open Floral	97.5

Optional Accessories

Night curtains are a cost-efficient way to keep cool air in the case during off-peak hours.
