

N1P or N1PHP vertical single-deck bulk produce merchandisers have a standard 30" mirror that creates a "waterfall" look to enhance product presentations. The high-profile vertical design provides the focus of single-deck merchandising while having the ability to line up with other vertical multi-decks. An extensive offering of accessories add merchandising flexibility.

**High Performance TC Coil™**

High Performance (HP) Merchandisers feature our patented TC Coil™ design, which represents a major technology breakthrough for the commercial refrigeration industry. Developed jointly by Carrier Corporation and Tyler, the TC Coil™ enables HP merchandisers to operate more efficiently, providing energy savings that allow faster payback periods for food retailers.

**Note:** For more information about Tyler high performance display merchandisers featuring TC Coil™, go to the Technologies section of this catalog on page 8.

**Features & Benefits**

- Energy-efficient copper tube and aluminum fin coils.
- One row of energy efficient T8 canopy lights with electronic ballasts provide appealing product illumination. Hinged light channel allows easy access to ballasts.
- Adjustable white powder-coated display screens and a 30" mirror enhance product presentation.
- Solid steel base adds strength and durability.
- Easily removable front and rear ducts enhance ease of sanitation.
- Fan assembly design allows access to coil and drain pan.
- Off-cycle defrost.

**Options**

- ECM fan motors for additional energy savings.
- A second row of T8 canopy lights provide greater product illumination.
- Step screens, fences, bag holders, water spray hoses, and scale hangers.

Specifications are subject to engineering changes without notice.

Model	Case Length	Description	Capacity in Cubic Feet*
N1P	8' • 12'	Vertical Single-Deck Bulk Produce, standard coil	15.6 • 23.5
N1PHP	8' • 12'	Vertical Single-Deck Bulk Produce, TC Coil	15.6 • 23.5

\* Cubic capacity is based on case with no shelves and a 30" mirror.

**Optional Accessories**

Step screens provide additional merchandising and display flexibility.

This spray hose assembly allows manual misting of bulk produce that keeps products looking fresh.
