N1P or N1PHP vertical single-deck bulk produce merchandisers have a standard 30" mirror that creates a "waterfall" look to enhance product presentations. The high-profile vertical design provides the focus of single-deck merchandising while having the ability to line up with other vertical multi-decks. An extensive offering of accessories add merchandising flexibility.

High Performance TC Coil™
High Performance (HP) Merchandisers feature our patented TC Coil™ design, which represents a major technology breakthrough for the commercial refrigeration industry. Developed jointly by Carrier Corporation and Tyler, the TC Coil™ enables HP merchandisers to operate more efficiently, providing energy savings that allow faster payback periods for food retailers.

Note: For more information about Tyler high performance display merchandisers featuring TC Coil™, go to the Technologies section of this catalog on page 8.

Features & Benefits
- Energy-efficient copper tube and aluminum fin coils.
- One row of energy efficient T8 canopy lights with electronic ballasts provide appealing product illumination. Hinged light channel allows easy access to ballasts.
- Adjustable white powder-coated display screens and a 30" mirror enhance product presentation.
- Solid steel base adds strength and durability.
- Easily removable front and rear ducts enhance ease of sanitation.
- Fan assembly design allows access to coil and drain pan.
- Off-cycle defrost.

Options
- ECM fan motors for additional energy savings.
- A second row of T8 canopy lights provide greater product illumination.
- Step screens, fences, bag holders, water spray hoses, and scale hangers.

Specifications are subject to engineering changes without notice.
