TC Coil™

The N4M family of vertical open multi-deck meat merchandisers ensure efficient cooling while sustaining the look and quality of fresh meat products. A 6" glass front on the N4MG & N4MGHP models provides additional visibility for meat, dairy, deli, produce, and pizza products.

High Performance TC Coil™

High Performance (HP) Merchandisers feature our patented TC Coil™ design, which represents a major technology breakthrough for the commercial refrigeration industry. Developed jointly by Carrier Corporation and Tyler, the TC Coil enables HP merchandisers to operate more efficiently, providing energy savings that allow faster payback periods for food retailers.

Note: For more information about Tyler high performance display merchandisers featuring TC Coil, go to the Technologies section of this catalog on page 8.
