TL Mitered front-lift glass merchandisers provide a clean 45° corner that, when opposing left and right miter cases are joined, create an open turn with seamless glass that effectively increases merchandising area and visibility.

Features & Benefits
- Energy-efficient copper tube and aluminum fin coils.
- Single row of energy-efficient T8 top lights for increased product illumination.
- Easy lifting, tempered front glass. Ambient air band eliminates condensation on front glass.
- 25° clear sliding rear doors (4' & 6' only) for easy access to interior.
- Removable fan assembly allows access to coil and drain pan (TLDL & TLDR cases only).
- Pipe leg base and removable kickplate facilitate cleaning under the case.
- Off-cycle defrost.

Options
- ECM fan motors for additional energy savings (TLDL & TLDR cases only).
- Anti-glare front glass.
- Second row of energy-efficient T8 top lights.
- Lighted stainless steel or glass mezzanine shelves (TLDL & TLDR cases only).
- Short pipe legs provide base and case height flexibility.
- Glass windows on patch end panels.
- Powder-coated display screens.
- Scale shelves.

Specifications are subject to engineering changes without notice.

Optional Accessories
- Scale shelves add more functionality to the work area.
- Mezzanine shelves add merchandising flexibility to the TLD(L/R).

*NOTE: TL(M/F/D)2R, 4R & 6R right-hand miter measurements are the same, they are a horizontal mirror image of the above left-hand miters.
