

TLF seafood service merchandisers provide gravity coil cooling that keeps seafood products fresh. The straight front-lift glass is designed to maximize product viewing, while the glass lift system allows easy front access for stocking and merchandising of fresh seafood products.

Features & Benefits

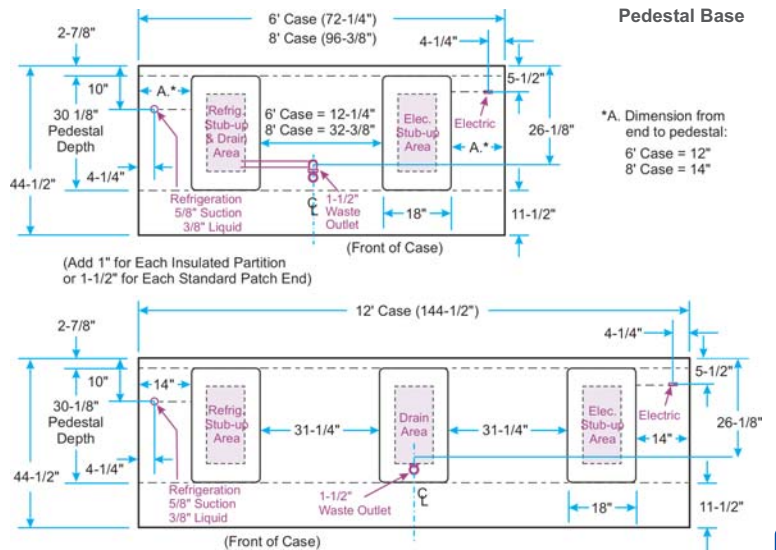

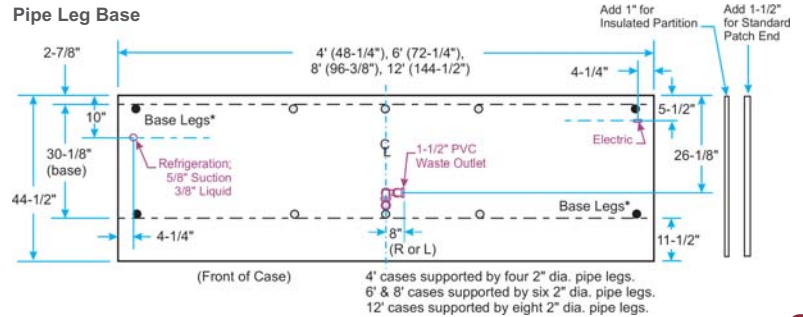

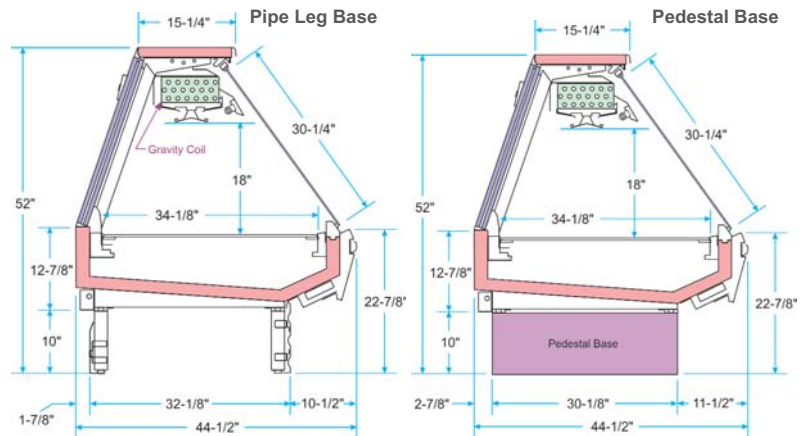

- Energy-efficient copper tube and aluminum fin coils.
- Single row of energy-efficient T8 top lights for increased product illumination.
- Easy lifting, tempered front glass. Ambient air band eliminates condensation on front glass.
- 25" clear sliding rear doors for easy access to interior.
- Pipe leg base and removable kickplate facilitate cleaning under the case.
- Off-cycle defrost.

Options

- Anti-glare front glass.
- Second row of T8 top lights.
- Pedestal base or 6-1/4" short pipe legs provide base and case height flexibility.
- Glass windows on patch end panels.
- Powder-coated display screens.
- Seafood trays.
- Scale shelves.

Specifications are subject to engineering changes without notice.

Model	Case Length	Description	Capacity in Cubic Feet
TLF (Pipe Legs)	4' • 6' • 8' • 12'	Lift Straight Front Glass with standard gravity coil	13.5 • 20.3 • 27.0 • 40.5
